

How to configure MDUSD email on a district-owned Android device.

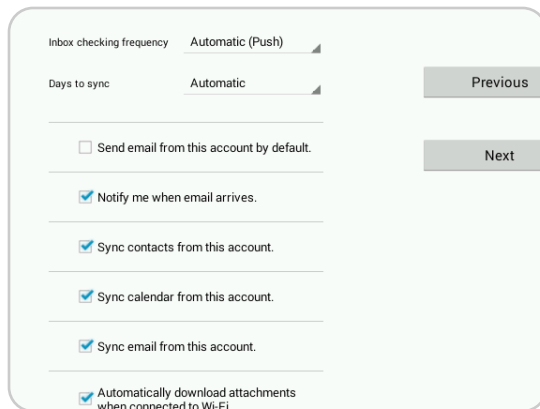

Open **Settings** on your device and select **Accounts, and click on Microsoft Exchange**

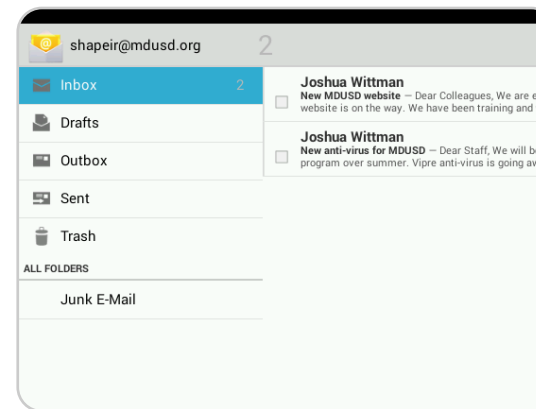

Click on **Add Account** and select **Microsoft Exchange**

Enter your email address, username, password and domain (mdusd). Click **Next**.

Enter in the server information (mail.mdusd.org) and click **Next**.

Choose the options you would like to sync with your device.

All Android Devices should have a **Passcode or Phone Lock** and **Erase Data**
